

# Drop In 5 Burner Gas BBQ in Stainless Steel

SIR-DSG0010-SS

## Features & Benefits

|                                    |   |
|------------------------------------|---|
| Warranty                           | 3 Year Manufacturer Warranty  |
| Stylish Drop-In Design             | A modern, classy finish where the side burner drops down into the benchtop next to your BBQ into your cabinetry. The slimline design helps to give a more low-profile look. |
| High Quality Cast Iron Tube Burner | Durable and high powered gas cooktop which is capable of reaching high cooking temperatures.  |
| 304 Grade Stainless Steel          | High grade stainless steel which is resistant to heat and salt, helping to avoid corrosion and decay in the harsh Australian climate.                                       |
| Comfort Electronic Ignition System | Safe and easy allowing you to light without the use of flammable and explosive matches and lighters.  |
| Ergonomic Controls                 | Conveniently located to the front of the side burner helping maximise the cooking surface with power level indicators.  |
| Conversion To Natural Gas          | Equipped for LPG out of the box and can be converted for usage with Natural Gas by an authorised professional. (Conversion kit needs to be purchased separately)            |
| Indoor/Outdoor Installation        | Certified for installation in enclosed alfresco areas; this is where your area is enclosed by a roof and 3 walls, and the area has 25% natural air ventilation.             |
