## KEY FEATURES

### Green Energy Single Aluminium Motor

Performance and quiet efficiency are the most important elements in the performance of your Sirius hood. Sirius has worked tirelessly to create a product that ticks all the boxes.

### Slimline Installation

Slim design fits seamlessly into minimalist kitchens. Strong extraction power and modern design ideal for luxurious kitchen setups.

### 25mm Stainless Steel Filters

Baffle filters feature interlocking baffles for effective grease removal, promoting smooth airflow. They're easy to maintain, offer superior filtration with a deep pleat design, and dishwasher safe.

### Powerful Extraction

With an impressive maximum airflow of 1020M<sup>3</sup>/H, this rangehood quickly and effectively removes smoke, steam, heat, odours, and other airborne particles from the kitchen.

### Induction Safe

This rangehood boasts efficient filters and extraction capabilities to effectively manage increased steam and moisture levels resulting from minimal ambient heat compared to gas cooking methods.

### Dynamic Lighting

Sirius Rangehoods have a dynamic lighting system that can be adjusted from 2700 to 6500 kelvin to match other lighting in the room. Adjustable temperature, and dimmable. Maximum design flexibility.

### Hand Crafted In Italy

Sirius Rangehoods, a prestigious Italian brand founded in 1996, is renowned for its bold designs and commitment to premium materials and craftsmanship, making it a top choice for high-end rangehoods.

### Reversible Single Motor

Sirius rangehood with reversible single motor adjusts to any kitchen setup. Choose between external or rear venting for convenience and flexibility in your installation.
