Carton Dimensions (mm)	W1000 x D270 x H870
Gross Weight	50kg
Warranty	3 Years - 6 Years if paired with Sirius Ducting
Energy Rating^	C
kWh/Annum^	approx. 106

INSTALL PLACEMENT

KEY FEATURES

Brushless Green Energy Motor

Brushless motors provide greater durability and efficiency, and combined with our Green Energy design, you have the ideal motor for high performance rangehoods with exceptional power and airflow, and the addition of sound reduction

Powerful Airflow

With impressive airflow and control, this rangehood quickly and effectively removes smoke, steam, heat, odours, and other airborne particles from the kitchen. Conveniently controlled with 4 speed settings.

LED Strip Lighting

Illuminate your cooking environment with LED strip lighting. This style of lighting improves visibility over your work area as the strip of lights provide more even lighting, is brighter and is fixed along the length of the rangehood.

Mesh Filter

Our mesh filters are made to ensure superior durability and filtration performance. Trapping grease, oils, smoke and odours during cooking, their design also helps reduce possible fire hazards. Eco-friendly, cost-effective, easy to install and easy to clean in the dishwasher.

Remote Control

This rangehood comes with a convenient remote control, giving you the ability to operate the hood from a distance. Designed to be simple and intuitive, it allows you to effortlessly adjust the fan speed, lighting, timer settings and built-in features at an easy touch of a button.

Separate Control Panel

Simple to use control panel that's mounted separate to the downdraft. Control the rangehood effortlessly, with features including child lock safety and integrated timer, this rangehood will make your cooking experience easy and enjoyable.

Induction Suited

This rangehood has the sufficient extraction required to facilitate induction cooking. As induction cooking uses the base of the pan as the heat source, less moisture and steam is evaporated before it reaches the filters. This can create drops of water that drip into your cooking.

Ducting & Venting Options

This rangehood comes with 5 venting options. The flexibility to suit your kitchen set-up needs with top or rear venting options. With Sirius Ducting kits and components, installing your rangehood is easy and extends warranty to 6 Years.

Hand-Crafted in Italy

Pioneering downdrafts since 2001, Sirius were the first to introduce this innovative rangehood. Quality, functionality, innovation, style & luxury hand-crafted in Italy. Leading the market in design and functionality, this collection has been specifically handpicked for Australian living.

*Note noise level is an approximate range and subject to installation and surrounding materials.

^Product is manufactured in Italy, ratings are based on European directive 65/2014 regulations.

This information is correct at time of producing and subject to change as products develop. Always check the physical product before making any cut-outs or installing.

LINE DRAWING

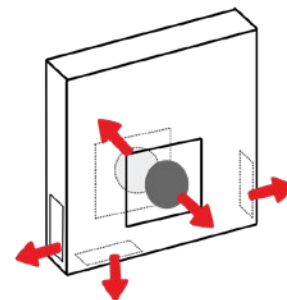

DUCTING & MOTOR PLACEMENT SOLUTIONS

There are various ways to duct your downdraft, depending on the motor you use, and if you're recirculating your rangehood. See the user manual and website for more information.

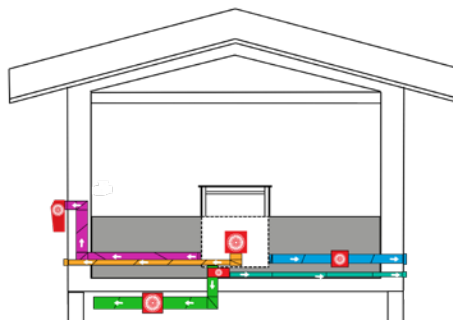

Vent from the front or back with 200mm round ducting.

Vent from the side, bottom or side with 90mm rectangular ducting - adaptor included.

Rectangular to circular adapters available.

Ducting to the Atmosphere

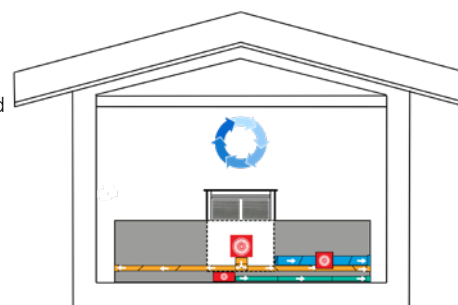

The ultimate option if you want great air movement and low noise.

Optional motors include:
DDFMEL - Downdraft Front Mount
SEM12ELA - Under Kicker
SEM81 - Internal Inline
SEM71 - External Wall Mount

Recirculating Options

An option for small spaces, or if you're unable to duct your rangehood outside. Ideal for apartments or homes without an external venting option.

Optional motors include:
DDFMEL - Downdraft Front Mount
SEM12ELA - Under Kicker
SEM81 - Internal Inline

For detailed installation options, please see the user manual and website.

6 Year Warranty

when Sirius ducting is used

Sirius has its own range of ducting kits and components, designed to get the most power and efficiency out of its hoods. The full range of high quality, cost effective ducting kits and individual parts will provide you with the best result for your rangehood.
