ISOLA RANGE

SILT28LWH

480MM ONBOARD RECIRCULATING PENDANT
IN WHITE

SPECIFICATIONS

Rangehood Type	Pendant
GTIN	9351116005924
Country of Origin	Hand-Crafted in Italy
Suits Cooktop Size	up to 500mm
Suits Cooktop Style	Induction, Gas, Electric
Recommended Install Height	min 600mm to 750mm from cooktop surface
Finish	White powdercoated stainless steel
Controls	Remote control
Speed Settings	4 (3 + Booster)
Recirculating	Yes
Filter Type	HP Recirculating insert
Noise Level*	approx. 53dBA to 71dBA
Lighting	40W Neon
Run-on Timer	Yes - 10mins
Automatic Shut-Off	Yes - 4hrs
Electrical Requirement	10AMP
Max Current (W)	110W
Motor Options	Onboard Green Energy
Motor Extraction Rate#	600m ³ /h
Ducting Options	n/a
Ducting Size	n/a
Product Dimensions (mm)	W480 x D480 x H460-1200
Nett Weight	25kg
Carton Dimensions (mm)	W600 x D600 x H590
Gross Weight	28kg
Warranty	3 Years - 6 Years if paired with Sirius Ducting

KEY FEATURES

Onboard Green Energy Motor

Our revolutionary technology paired with advanced engineering generates greater air movement with less fan movement, creating a superior cooking environment.

Powerful Airflow

With impressive airflow and control, this rangehood quickly and effectively removes smoke, steam, heat, odours, and other airborne particles from the kitchen. Conveniently controlled with 4 speed settings.

LED Neon Lighting

The bright, glowing neon light illuminates the cooking space. LED neon is a great lighting option over the cooktop, ideal for home decor, and excels in classic aesthetics.

Carbon Filter

Using activated carbon to remove impurities including smoke, odours, grease buildup and other airborne particles by adsorbing them during cooking. These filters can be cleaned and re-activated for longer use, have high filtration efficiency, lower noise and greater energy efficiency.

Recirculated

This is a recirculated rangehood that filters the air through a high-performance (HP) carbon filter and blows the clean air back into the room. This pendant rangehood is not compatible for ducting to the atmosphere.

Induction Suited

This rangehood has the sufficient extraction required to facilitate induction cooking. As induction cooking uses the base of the pan as the heat source, less moisture and steam is evaporated before it reaches the filters. This can create drops of water that drip into your cooking.

Remote Control

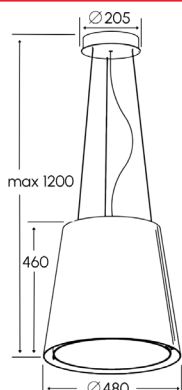

This rangehood comes with a convenient remote control, giving you the ability to operate the hood from a distance. Designed to be simple and intuitive, it allows you to effortlessly adjust the fan speed, lighting, timer settings and built-in features at an easy touch of a button.

Hand-Crafted in Italy

Pioneering downdrafts since 2001, Sirius were the first to introduce this innovative rangehood. Quality, functionality, innovation, style & luxury hand-crafted in Italy. Leading the market in design and functionality, this collection has been specifically handpicked for Australian living.
